

Dear Candidate,

In preparation for the Web Communication certification exam, we've put together a set of practice materials and example exam items for you to review. What you'll find in this packet are:

- Topic areas and objectives for the exam.
- Practice materials with image assets.
- Practice exam items.

We've assembled excerpted material from the Digital Design Curriculum guide to highlight a few of the more challenging techniques covered on the exam. You can work through these technical guides with the provided image and video files (provided separately). Additionally, we've included the certification objectives so that you are aware of the elements that are covered on the exam. Finally, we've included practice exam items to give you a feel for some of the items.

These materials are meant to help you familiarize yourself with the areas of the exam so are not comprehensive across all the objectives.

Thank you,

Adobe Education
